The Customer may be required to make additional payments, which amount may vary, as a margin instead of the buy price of the investment object or instead of paying/receiving the entire buy/sell price at once. Movement of the market price of the investment object will influence the amount of margin payable by the Customer. The Company daily controls the required margin level and shall notify the Customer in the shortest possible time of the margin amount to be paid if required.

3. The Customer agrees to pay the Company, upon its request, margin amounts, required from time to time, which the Company at its absolute discretion and on reasonable grounds requests for

its own protection from losses or the risk of losses on the present, future or prospective Deals under this Agreement (according to the Trading Conditions published on the official Company website).

4. Should the Customer fail to meet the requirement for the additional payment, the Company will immediately close positions by force to secure margin requirements.

5. Margin shall mean the Customer's funds and is subject to payment in the currency accepted and specified by the Company.

6. In the Event of Default or termination of this Agreement, the Company will offset the margin balance subject to refund to the Customer by the Company against his/her debt (as reasonably estimated by the Company). The net amount payable by the Company after the abovementioned mutual settlements shall include the Liquidated Amount payable according to Section 14 (Settlements).

7. In addition to any rights, which the Company may own under this Agreement and any Applicable Regulations, and without prejudice thereto, the Company is given the right to retain all the funds held by the Company, its partners or nominees, which are owned by the Customer unless he/she has fulfilled the imposed obligations.

DEPOSITS BY CREDIT/DEBIT CARD REFUNDS AND WITHDRAWALS

1. We reserve the right to impose withdrawal limits and withdrawal fees in our systems, at any time.

2. Upon submitting a withdrawal request you may be required to submit documentation as required by applicable "Anti-Money Laundering ("AML") & Know Your Customer ("KYC") Legislation" and/or any other similar rules and regulations applicable to us.

3. When a withdrawal or refund is performed, we reserve the right (but shall under no circumstances be obliged) to remit the funds to the same remitter from, and by the same payment method through which such funds were initially received by us. In that connection, we reserve the right, at our sole discretion, (a) to decline withdrawals via certain specific payment methods; (b) to require another payment method as the one indicated in any withdrawal request, in which instance a new withdrawal request may have to be submitted; and/or (c) to require that further documentation be submitted, as required by "Anti-Money Laundering ("AML") & Know Your Customer ("KYC") Legislation" and/or any other similar rules and regulations applicable to us, before proceeding with any withdrawal request.

4. If we are unable to remit the funds, or any partial amount thereof, to the same remitter from, and by the same payment method through which such funds were initially received by us, we reserve the right (but shall under no circumstances be obliged) to transmit the funds via an alternative payment method selected by us, at our sole discretion, in any currency we deem fit (regardless of the currency in which the initial deposit was made). Under these circumstances, we shall not be responsible for any transfer fees or charges charged by the receiver and/or for any currency exchange rates resulting from the payment of such amount and the provisions of Section 50 hereinabove shall be applicable mutatis mutandis.

5. Withdrawal requests that are accepted and approved by us in accordance with the terms of this Agreement are, in principle, processed within one Business Days following the receipt of the transfer request instructions. The amount to be transferred reduces the balance of the relevant Account from which such transfer is to be made, when the transfer request process is concluded. We reserve the right (a) to decline a withdrawal request if the request is not in accordance with the provisions of this Section, or (b) to delay the processing of the request if we are not satisfied with the ancillary documentation submitted with the withdrawal request.

6. You agree, when we so request, to pay any bank transfer fees incurred when you are withdrawing funds from your Account or when funds are refunded by us to your designated bank

account. You are solely responsible for the payments details you are providing us with and we do not accept any responsibility for your funds, if the payment details you have provided to us are incorrect or incomplete. It is also understood that we do not accept any responsibility for any funds that are not directly deposited into our bank accounts.

3. The Customer accepts that a conflict of interest may arise when the interest of the Company competes or interferes with the Customer’s interests under the Service Agreement. By way of example, the Customer accepts that:
 - a. The Company may establish business or trading relationships with other issuers of financial instruments and the Company may have a financial interest in such instruments.
 - b. The Company may execute at the same time instructions by different Customers that are opposite to one another;
 - c. The Company may pay commission or other related fee, to a third party for introducing the Customer or the Customer’s trading activity;

MUTUAL SETTLEMENTS

1. On the occurrence of Event of Default, the Company may exercise its rights hereunder, except for the occurrence of any Event of Default caused by bankruptcy, the automatic termination of this Agreement under the provision hereof shall apply.
2. The date of any Event of Default shall automatically constitute the Termination Date without the need for any notice by the Company, and the provisions of the sub-clause below shall be applied.
3. On the occurrence of the Termination Date:
 - The Company shall not be obliged to make any further payments or execution (delivery) under any Deals, which would, but for this clause, have fallen due for execution on or after the Termination Date, and such obligations shall be satisfied by settlement (whether by payment, set-off, or otherwise) of the Close-out Amount;
 - With respect to each Deal (on or as soon as reasonably possible after the Termination Date) the Company shall determine the total cost, losses or, accordingly, profits, which are stated in the Base Currency specified by the Company in writing, or, in the absence of such specification, in the lawful currency of the United States (and, if applicable, include any losses or profits, costs or coverage funds or, without duplication, costs, losses or, if any, profits as a result of closure, forced closure, obtaining, performing or re-establishing of any hedge or related trading position) as a result of the early termination according to this Agreement, of each payment or delivery, which would otherwise have been required to be made under such Deal (performing each applicable condition from the above ones and duly considering market quotes, provided or official settlement rates set by the relevant exchange, which are available as of the settlement date or the date precedent to the settlement date);
 - The Company shall consider all its costs and losses as positive amounts and all the profits, if so determined, received by the Company as negative amounts, and shall aggregate all of such amounts to produce a single, net positive or negative amount denominated in the Base Currency (“Close-out Amount”).
4. If the Close-out Amount is positive, the Customer shall pay it to the Company, and if it is negative, the Company shall pay it to the Customer. The Company shall notify the Customer of the Close-out Amount immediately after its calculation.
5. In case of termination and liquidation hereof under this Section, the Company shall also be entitled, at its absolute discretion, to terminate and enforce closure, according to the provisions of this clause, of any other Deals entered into between the Company and the Customer, which are then outstanding.
6. The Close-out Amount shall be paid in the Base Currency after the closure of a trading session on the Business Day following the termination hereof and liquidation hereunder (this amount is converted as required by the applicable law into any other currency, and all the costs, related to this conversion shall be assumed by the Customer, and (if applicable) deducted from any amount due to the Customer). Any Close-out amount not paid on the due date shall be treated as an unpaid amount and bear interest at the average rate of overnight deposits offered by the leading banks on London interbank market at 11:00 (London time) (or, if no such rate is available, at such reasonable rate as the Company may select) plus one per cent (1%) per annum for each day, for which such amount remains unpaid.
7. For the purposes of any settlements hereunder, the Company may convert amounts denominated in any other currency into the Base Currency at the rate prevailing at the time of settlement, which the Company reasonably selects.
8. Unless a Termination Date has occurred or has been effectively set, the Company shall not be obliged for any payments or delivery scheduled to be made by the Company for as long as an Event of Default or any event, which may become (after certain period, after giving notice or making any

decisions hereunder) an Event of Default, has occurred with respect to the Customer and is continuing.

9. This Agreement, in particular, the conditions applicable to each Deal entered into hereunder, and all amendments to any of them, shall together constitute a single Agreement between the Customer and the Company. Both parties acknowledge that all Deals entered into on or after the date this Agreement takes effect are entered into with account for the fact that the Agreement and all such terms constitute a single Agreement between the Customer and the Company.

Negative Balance Protection

The Company will not be liable for any margin call or losses that the Customer may suffer, including but not limited to losses due to Stop-out Level, if the trading benefit is withdrawn for any reason pursuant to the applicable “Customer Agreement - Terms and Conditions of Business”. The Company ensures that losses will never exceed the total available funds across the Customers’ Traders Trust trading portfolio (negative balance protection).

In addition, the Customer accepts that the Company reserves the right to immediately terminate the Customer’s access to the trading platform(s) and recover any losses caused by the Customer, in the event that the Firm determines, at its sole discretion, that the Customer voluntarily and/or involuntarily abuses the ‘Negative Balance Protection’ offered by the Company, by way of, but not limited to, hedging his/her exposure using his/her trading accounts, whether under the same profile or in connection with another Customer(s); and/or requesting a withdrawal of funds, notwithstanding any of the provisions of this Agreement, during a specific timeframe, in accordance with Termination clauses of this Agreement.

DEFAULT ON OBLIGATIONS

1. On any Event of Default or at any time after the Company has determined at its absolute discretion that the Customer has not performed (or the Company reasonably believes that the Customer will not be able or willing to perform in the future) any of his/her obligations to the Company, in addition to all the rights set in Section 13 (Settlements) the Company shall be entitled to take the following actions without prior notice to the Customer:

- instead of returning to the Customer investments equivalent to those credited to his/her Master Account, to pay to the Customer the fair market value of such investments at the time the Company exercises such right;
- to sell the Customer’s assets that are in Company’s possession or in the possession of any nominee or third party appointed pursuant to this Agreement, in each case as the Company may in its absolute discretion select and upon such terms as the Company may in its absolute discretion think fit (without being responsible for any loss or diminution in price) in order to raise funds sufficient to cover any amount payable by the Customer hereunder;
- to enforce closure or change of the level of any Deal, or replace with a contrary, buy, sell, borrow or lend, or enter into any other Deal, or take or refrain from such other action at such time and in such manner as the Company at its sole discretion considers necessary or appropriate in order to cover, reduce or recover its losses or liabilities under or with respect to any of the Customer’s contracts, positions or commitments;
- to cancel and/or consider void any Deal, whether executed or not, and/or to close the Trading Account(s), which the Customer maintains with the Company pursuant to this Agreement, immediately and without prior notice.

AGREEMENT TERMINATION

1. The Company and the Customer may unilaterally terminate this Agreement (and cease legal relationship between the parties) by giving ten days prior electronic notice of termination to the other party. The Company may terminate this Agreement immediately if the Customer fails to fulfill his/her obligations under this Agreement or under regulatory documents published on the official website of the Company.
2. In case of termination of this Agreement, all amounts payable by the Customer to the Company shall be immediately paid including (but not limited to):
 - all outstanding remunerations, charges and fees;
 - any trading expenses incurred at termination of this Agreement;
 - any losses and expenses fixed at enforced closure of any Deals or settlement or fulfillment of outstanding obligations assumed by the Company on behalf of the Customer.
3. The Company shall apply best execution conditions in cases when the Customer has not provided the Company with specific instructions as to closing his/her positions.
4. The Company will return all remaining funds to the Customer's Master Account (after completing the procedures, described in Sections 15 and 16) to the account, from which they had been debited, and by the payment system, which had been used to transfer them initially.
5. Agreement Termination shall not affect then outstanding rights and obligations and Deals, which shall continue to be governed by this Agreement and particular clauses agreed between the Company and the Customer with respect to such Deals until completion of all obligations.

LIMITED LIABILITY

1. Neither the Company nor the Company's directors, officers, employees, or agents shall be liable for any losses, damages, costs, or expenses, whether caused by negligence, breach of contract, misrepresentation or otherwise, incurred or suffered by the Customer under this Agreement (including any Deals or refusal of the Company from entering into a proposed Deal).
2. In no circumstances shall the Company be liable for losses incurred or suffered by the Customer or any third party, and for any special or indirect damage, loss of profits, loss of goodwill, or loss of business opportunity arising under or in connection with this Agreement, whether caused by negligence, breach of contract, misrepresentation or otherwise. Nothing in this Agreement shall make the Company liable for death or personal injury resulting from negligence.
3. The Company shall not assume any liability for any adverse tax implications of any Deal whatsoever without any reservations.
4. The Company reserves the right to refuse from execution of an application, or to change the quoted price of the Deal, or to offer the Customer a new quote in case of technical failures of the Trading and Analytical Platform or in case of extraordinary fluctuations of the financial instrument price, as offered in the market.
5. In the event the Company offers the Customer a new quote, the Customer shall be entitled to either accept it or refuse from it and thus cancel the execution of the Deal.
6. The Company shall not be liable for any delay or change of the market conditions before any particular Deal is executed.
7. The Company shall not be liable to the Customer for any partial or full non-fulfilment of its obligations hereunder, by reason of any cause beyond the Company's reasonable control, including, in particular, breakdown, delay, malfunction or failure of transmission, communication or computer facilities, industrial action, act of terrorism, act of God, acts and regulations of any governmental or supranational bodies or authorities or failure to fulfill any obligations by a relevant intermediate broker, an agent or a principal of the custodian, a sub-custodian, a dealer, an exchange, a clearing house or a regulatory or self-regulatory organization, for any reason.

8. The Customer shall be liable for all Orders received on behalf of the Customer via the Trading and Analytical Platform, and the Customer shall be responsible to the Company for settlement of any Deal arising from it.

9. The Customer acknowledges that he/she has not relied on or been induced to enter into this Agreement by representations other than those expressly set out herein. The Company shall not be liable to the Customer for representations that are not set out in this Agreement and that are not fraudulent.

10. The Customer shall pay the Company amounts, as the Company may from time to time require, towards satisfaction of debit balance on his/her Master Account of the Company and, on a full indemnity basis, losses, liabilities, costs or expenses (including legal fees), taxes, duties and charges, which the Company may incur or be subjected to in respect to any of his/her Master Accounts or Trading Accounts, or any Deal, or as a result of any misrepresentation by the Customer, or any violation by the Customer of his/her obligations under this Agreement (including any Deal), or by the enforcement of the Company's rights.

RISK ACKNOWLEDGEMENT

Any financial instrument which is a leveraged product such as CFDs on Forex, precious metals, futures, shares or any other commodities bears significant risk and the Customer might lose a fraction or all the capital which he/she invested. The Customer understands that when trading CFDs he/she is trading on the outcome of the price of an underlying asset and that trading does not occur in a Regulated Market but Over-The-Counter (OTC). Consequently, the Customer acknowledges the risks involved in the transactions of such instruments.

OTHER PROVISIONS

1. The Company may amend the terms of this Agreement and other documents defining the rights and duties of the Customer and the Company (including the conditions of any regulations, provisions, notifications, and agreements). In case the Company makes changes to the foresaid documents, it shall give a notice to the Customers thereof through "My Account" functionality.

4. Any communication between the Company and the Customer using electronic signatures and any communication via the official Company website and/or Services shall be binding as if they were in writing.

5. Orders or instructions given to the Customer via email or other electronic means will constitute evidence of the orders or instructions given.

6. The Company may record telephone conversations between the Customer and the Customer Service without using a warning tone.

7. Telephone call records, unless proved incorrect, shall be the evidence of the Customer's dealings with the Company with respect to the rendering of Services by the Company. The Customer shall not object to admission of the records as evidence in any legal proceedings because such records are not originals, written document or created by computer. The Customer shall not rely on the Company to comply with his/her record-keeping obligations, although records may be made available to the Customer upon a request at Company's absolute discretion.

8. The Customer may send a complaint to the Company, for example, by letter, telephone, electronic mail, or in person. The Company shall send the Customer a written acknowledgement of

his/her complaint immediately following receipt and enclose details of the complaints procedures. The Customer may get further details regarding the complaints procedures by contacting the Company.

9. The Customer may not assign the right or otherwise transfer or perform any acts aimed at the cession or other transfer of his or her rights and obligations under this Agreement (including the right of ownership and use of My Account), and any attempts to carry out the cession or transfer of the rights would be a violation of this Clause and will be deprived of legal validity. In case of document supported reasons (e.g. death or missing person certificate, etc.), by virtue of which the Customer can no longer enjoy his or her rights (including the rights to use "My Account") and perform his or her obligations under this Agreement, the Company may transfer the rights and obligations to another person at its sole discretion. The Customer agrees that the Company may transfer all information which it holds about the Customer to such person. Time is an essential condition of the Customer's obligations under this Agreement (including any Deals).

10. The rights and remedies provided hereunder are complementary and not exclusive of those provided by law.

11. The Company shall be under no obligation to exercise any right or remedy either generally or in a manner beneficial to the Customer. No failure or delay by the Company in exercising any of its rights under this Agreement (including any Deal) or otherwise shall operate as a waiver of those or any other rights or remedies. No single or partial exercise of a right or remedy shall prevent further exercise of that or any other right or remedy.

12. Without prejudice to any other rights, to which the Company may be entitled, the Company may at any time and without a notice to the Customer set off any amount (whether actual or notional, present or future) owed by the Customer to the Company against any amount (whether actual or notional, present or future) owed by the Company to the Customer. For these purposes, the Company may ascribe a commercially reasonable value to any amount which is notional or which for any other reason is unascertained.

13. If at any time any provision hereof is or becomes illegal, invalid or unenforceable in any respect under the law of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions of this Agreement nor the legality, validity or enforceability of such provision under the law of any other jurisdiction shall in any way be affected.

14. Notwithstanding the validity of this Agreement in writing, the electronic form, placed on the Company website, will prevail.

DISPUTE SETTLEMENT

1. Hereby the Company and the Customer ensure each other in honesty of their intentions, veracity of the information provided to each other and fulfillment of its obligations undertaken in good faith.
